## MAN CAPTURED IS HEAVILY FINED

**Stanley G. Fielding of Ohio, Who Had a Cargo of Whisky, Assessed \$2,500, and Given a Year in the Washington Jail**

### CIGARET THIEF SENTENCED

**Man With Booze Taken By Sergeant Cohee September 23 On National Pike Just West of Clayville—Stated He Was Taking Whisky to Columbus**

Stanley G. Fielding of Columbus, O., who was captured by Sergeant E. T. Cohee, of the state police, with an automobile, in which were 700 quarts of Scotch and Canadian whisky, charged with carrying a cargo of whisky, was sentenced by Judge Erwin Cummings to pay the costs, a fine of \$2,500 and to serve one year in the county jail. The court stated that if the fine and costs are paid a decree in the jail sentence will be made. The certificate of a doctor was presented in Fielding's behalf to the effect that he is a tubercular.

Fielding was caught by Sergeant Cohee on September 23 on the National Pike just west of Clayville. In the machine with him was his sister, Miss Mickey Fielding, but she was later released as her mother claimed that she had no part in the transaction. He said that he had secured the whisky in Atlantic City, and that he was taking it through to Columbus. The court was of the opinion that he is a bootlegger on a large scale. The whisky is labeled Scotch and Canadian brands, and it is claimed that it came from the rum fleet off the Atlantic coast.

Claiming that he stole several cartons of cigarettes from the freight station to sell in order to secure money to buy groceries for his wife and sick baby, Joseph Garbutt, a coal miner, of Bentleyville, entered a plea of guilty to a charge of larceny yesterday afternoon and was sentenced to pay the costs, a fine of \$50 and to three months in the workhouse.

The stolen property consisted of a large box containing 50 cartons of cigarettes, valued at \$60. Garbutt took the box during the day from the station and sold it for \$12. He claimed all of the cigarettes had been returned to the owner. He said he had only worked six months in the last two years. He is a coal miner and was unable to obtain work. He claimed that he needed money to buy groceries for his wife and sick baby, and when he saw the cigarettes he stole them to sell for that purpose.

Thomas Knox, colored, of Elmerville, entered a plea of guilty to a charge of assault and battery. This grew out of a fight at Eldersville on September 26, in which Knox hit Joe Grechak on the head with a shovel. Knox was the only negro in the fight, and he was afraid that they were all going to get him. He seized the shovel and laid Grechak out. It required three stitches to close the wound. He was sentenced to pay the costs, a fine of \$50 and to two months in jail.

## HEARINGS ORDERED IN SALE OF AUTOS

Orders for hearings in the matter of seven automobiles captured in the illegal liquor traffic were handed down by the court yesterday, and William H. McEnroe was appointed commissioner to take the testimony. The time set for public hearings is 1:30 o'clock Friday afternoon in the court house. Anyone who desires to show cause why these cars should not be forfeited will have the opportunity at that time of presenting their testimony. All machines concerned will be sold at public sale.

The list of cars follows: One Ford automobile, seized in the possession of Tony Stongate; one Ford, seized in the possession of John Chinchalle; one Maxwell, seized in the possession of Ralph Wilson; one Nash, seized in the possession of Frank Pierpont; one Studebaker, seized in the possession of James Pressari; one Geo. automobile, seized in the possession of John G. Lucas; one International automobile, seized in the possession of Angelo Argento.

### THE INGATHERING IS AN ANNUAL EVENT

The Ingathering and Tea which will be held at the home of Mrs. R. Carl Mountser of Lincoln avenue, tomorrow afternoon, October 15, is an annual event of the Needlework Guild of America and a cordial invitation is extended to all to be present. As previously announced, a musical program will be given. At this time articles of clothing will be gathered from anyone who cares to contribute and will later be distributed to the needy of Charleroi.

### BIG BOND ISSUE

#### MAY NOT BE FLOATED FOR TIME

Harrisburg, October 14.—The \$50,000,000 bond issue for highway construction may not be floated until the legislature passes an enabling act that meets with constitutional provisions.

The Dauphin County court today found unconstitutional the enabling act of 1923, and it is unlikely that the case will go further as the suit was brought by a state employee to prevent the purchase of the bonds as a test of the act.

## MURDERER CONVICT IS NOW SEEKING TO BE PARDONED

Hanson Morris, also colored, of Donora, entered a plea of guilty to a charge of carrying concealed weapons. He had been riding on a track in Donora on September 22 when he got off a policeman noticed a suspicious bulge in his hip pocket. An investigation disclosed the revolver. He bears a good reputation. It was stated that his already large family was increased yesterday morning by twins, one of which died at birth. He was sentenced to pay the costs, a fine of \$25 and to 30 days in jail. He will be released upon payment of the fine and costs.

Carl Drusa, of Slovan was sentenced to pay the costs, a fine of \$100 and three months in the county jail. If the fine and costs are paid he will be released in one month. William Bivins and Mary Williams both colored of Washington, were sentenced to pay the costs and a fine of \$25 each upon their plea of guilty to charges of crimes against morality.

## Fire Damages Disposal Plant At Washington

Considerable damage was done at the incinerator of the Washington disposal plant on the city farm, north of Washington, at Arden, late yesterday afternoon.

Having gained some headway before discovered, the blaze proved a mean one for the Washington fire department, which was summoned to scene by telephone to fight fire. The roof of the structure and the windows were all destroyed and the walls damaged.

The loss will amount to several hundreds of dollars but Washington city officials last night announced that the furnace had not been damaged to any extent it was believed. A concrete and brick structure for the most part, the only portions of the building damaged were these built of frame, which included the roof and windows.

The blaze is the first one of any consequence to occur in a city property in a long period of years. The firemen were unable to do much towards checking the progress of the flames as the keys for the water plugs were in a desk in the office of the building and could not be reached. The origin of the flames had not been determined last night.

Director Hines declared that complaints from representatives of the American Legion and from other sources have come to his attention in which the use of the term "Inmate" is deprecated in referring to ex-service persons receiving hospitalization, particularly those who are hospitalized or receiving domiciliary care in branches of the National Home of Disabled Volunteer Soldiers.

The objections are well founded, declared Director Hines, "and in future disabled ex-service men receiving treatment in Bureau hospitals shall be referred to as 'patients' and those receiving care in the Soldiers' homes shall be referred to as 'members'."

### BIG DIRIGIBLE IS NEAR THIS COUNTRY

Chatham, Mass., Oct. 14.—At 9 a. m., today (7 a. m. Boston time), the ZR-3, in a radio message to WCC, the Radio Corporation of America station here, reported her position at latitude 40.25 north, longitude 44.00 west.

All is well, the message read. Fine weather was being encountered it was said, and the giant dirigible, roaring towards America, reported the S. S. Collingsworth directly beneath her.

WCC reported being in direct communication with the ZR-3, practically throughout the night from 1 a. m. on. It expected to maintain direct contact throughout today.

Half an hour after sending her position to WCC, the ZR-3 began receiving the government wind and barometer reports from the U. S. S. Milwaukee.

Working intermittently all through the night on wave lengths of 2200 and 2300 meters, station WCC maintained practically ideal communication with the ZR-3, officers said. The dirigible used a wave length of 1510 meters.

Her wireless crackling out cheering messages that all aboard are well, at least three of her four motors roaring rhythmically, and speeding her towards her goal, the Zeppelin ZR-3, with four Americans and 25 German officers and men, was drawing near the United States today.

Storrs were breeding in the dirigible's path, and a local tornado was reported by the U. S. Navy weather service at 3 a. m., but it was pointed out that the disturbance was moving northward and that the Zeppelin was expected to avoid trouble.

At 8 a. m., calculating the ZR-3's diminished speed—her commander, Dr. Eckener, had cut the airship down to 4 miles an hour—the dirigible was approximately 1,000 miles from Bermuda. She had some 1,700 miles yet to cruise before reaching Lakehurst, N. J.

American warships were sent to positions where they best could aid the ZR-3 with reports of weather conditions, which now are the only cause for concern.

The United States Army transport Henderson and the cruiser Milwaukee were two which "spoke" the Zeppelin after the Nor. German Lloyd liner Statgart reported the airship's position.

## DAMAGE SLIGHT CONVICT FIRE

Flames gutted the basement of the Sisters of Mercy convent, located in North Franklin street, Washington, adjoining the parochial school, shortly after 2:30 o'clock yesterday afternoon.

The origin of the fire is unknown. The flames gained considerable headway before being discovered, but the efficient work of the Washington Fire department precluded serious damage, as the firemen soon smothered the blaze.

Dense columns of smoke, which had driven all the occupants of the convent from the structure, handicapped the efforts of the firemen for a time.

The loss, which is small, is covered by insurance.

It was not necessary to dismiss school, albeit the flames caused considerable excitement among the children.

## NO LONGER TO BE "INMATES"

Washington, D. C., Oct. 14.—Disabled veterans of the World War hospitalized in U. S. Veterans' Bureau hospitals will no longer be referred to as "Inmates" as the result of an order from Director Frank T. Hines forbidding the use of the term. Director Hines declared that complaints from representatives of the American Legion and from other sources have come to his attention in which the use of the term "Inmate" is deprecated in referring to ex-service persons receiving hospitalization, particularly those who are hospitalized or receiving domiciliary care in branches of the National Home of Disabled Volunteer Soldiers.

## Squire Smith Fines Pinske \$25 And Costs

Squire J. B. Smith had a busy day yesterday. In the case of Charles Pinske of Fayette City, who collided with an omnibus, the property of A. B. Martin, owner of the Connellsville Omnibus line, with Mr. Martin appearing as the prosecutor, Pinske was fined \$25 and costs for reckless driving he said.

Fred Reid of Brantford had a preliminary hearing before Squire Smith on a charge preferred by his

who alleged that her husband had deserted and does not support her. The couple, it is said, were married in January of this year. The case was continued by the Squire until Thursday, November 13. Reid was released on his own recognizance.

Squire Smith also presided at a wedding yesterday afternoon at 7:30 o'clock, when he united in the holy bonds of matrimony, Alvie Paul of Monessen and Miss Anna Kubec of Charleroi.

## Big Attendance At The Special Meetings Belle Vernon Church

Belle Vernon folk, and particularly, the church people of the borough, are enjoying one of the greatest weeks from a religious standpoint in the history of the borough. The Belle Vernon Methodist Episcopal church society is celebrating the nineteenth anniversary of its founding, and the occasion is being made what is termed "Old Home Week," in that the meetings held in the Methodist church are not only fraught with religious fervor, but people, as a sequence to the anniversary celebration of the society, have an unexcelled opportunity to meet and fraternize; to recall and to recount many happy reminiscences of the past, as they relate to church and secular affairs.

Charterians are joining the course in felicitations and congratulations to the church society of Belle Vernon, and they are all cemented with the hope that the major portion of those attending may live to see the one hundredth celebration of the society.

The meetings are featured by excellent speakers and preachers, as well as musical programs of merit. Tomorrow's program:

Organ Prelude, "At Sunset," Diggle.  
Choral Prelude, "Praise Waiteth for Thee," Psalms.  
Prayer, Rev. W. L. Wilkinson.  
Anthem by choir.  
Lesson from New Testament, Rev. D. L. Headlee.  
Vocal solo, "Slumber Song," Mrs. Arthur Sellers, with Women's Chorus accompaniment and violin obligato by J. C. Loesel.  
Sermon, Rev. W. L. Wilkinson, subject, "A Look Ahead."  
Prayer, Rev. W. L. Wilkinson.  
Doxology.  
Organ Postlude "Triumphal March."

### AN AGED COUPLE MARRIED 50 YEARS

Mr. and Mrs. Eva M. Fulton, of Mt. Lebanon, celebrated their 50th wedding anniversary on Saturday, October 4, at their home.

Mr. and Mrs. Fulton are the father and mother of seven children, six of whom are living, as follows:

Mrs. William Fulton, of Pittsburgh.  
Mrs. D. A. Edgar, of Bentleyville.  
Samuel J. Fulton, of Jefferson.

## SENATOR BRANDEGEE COMMITS SUICIDE

LECTURER OF NOTE IS COMING OCTOBER 21

Charles Colfax Long of Washington, D. C., a lecturer of note, will be in Charleroi Tuesday, October 21, to deliver one of the best lectures on the platform today at the High School auditorium. "Washington Our National Shrine" is the subject of the lecture and it is the earnest desire of the members of the Monongahela Valley Chapter, Daughters of the American Revolution, to have a large crowd present to hear this illustrated lecture. The lecture will be preceded by a concert given by the High School orchestra, under the direction of Prof. Earl A. Braman.

### FUNERAL FOR MRS. S. A. STRAUSSER TOMORROW

Funeral services for Mrs. Sarah Ann Strausser, aged 90 years, a former resident of this place, who died yesterday morning at 5 o'clock at the home of her daughter, Mrs. John M. Kisner, of Fairmont, W. Va., will take place tomorrow afternoon at 2 o'clock in the First Presbyterian church with Rev. Robert J. Shields officiating. Interment will follow in the Charleroi cemetery.

## BIG BUILDING PROGRAM IS ON

Pursuant to a call of the pastor, the Rev. Alfred Johnson, a meeting of the laity and congregation of the First Christian church of Monongahela was held last night. It was decided, after a thorough discussion of the proposition, to authorize the board of trustees of the church to secure plans and specifications for the first unit of what will probably be the largest church building program in Monongahela for years.

The laity and congregation of the church society now owns all the ground from their present building to the corner of Sixth street. It is planned by the trustees of the church to raze all buildings on the property, with the exception of the brick store, are occupied by a grocery store. The first unit to be constructed will be a large basement, which will be used as a gymnasium by the young people of the church.

Body, Fully Clothed, Found On Bathroom Floor of His Home In Washington Today — Turns On Gas to Commit the Deed

### CAUSE, FINANCIAL TROUBLE

Senator Frank B. Brandegee, Connecticut Republican, was found dead in the bathroom of his home here today, a suicide.

Brandegee's body was found, fully clothed, in a sitting position on the bathroom floor, with a tube leading from the gas jet to his mouth and the gas turned on. He apparently had been dead several hours. The body was discovered by Brandegee's secretary.

A note addressed to George Jones, his chauffeur, was found on one of the lower floors. It was stated, yesterday.

"Dear George," it read, "I enclose \$100 for you and \$100 for Emma and Rufus. I am up in the bathroom on the top floor nearest Seventeenth street. The top floor above the one I sleep in. If you or Landy go up there, beware of the gas. Good-bye, Frank B. Brandegee."

Attached to the envelope were two \$100 bills. The note was written on Senate stationery. The first part of the note was written in black pencil, while the last paragraph was written in red pencil.

Emma and Rufus are personal servants of Brandegee.

After an investigation, the coroner issued a certificate of suicide.

Brandegee has been reported in poor health for some time, but apart from a tendency to melancholy, close friends could advance no explanation of the tragedy. He was unmarried.

The senator was born in New London in 1864. He graduated from Yale in 1885, and was admitted to the bar in 1888. Entering political life he was elected representative of the general assembly in 1888, and rose to be speaker of the Connecticut House of Representatives in 1899.

He went to congress in 1902 and served three terms.

In May, 1909, he was elected from Connecticut and thereafter served in the senate until his death, being re-elected three times. His term would have expired in May, 1927.

Washington, October 14.—The suicide of Senator Brandegee of Connecticut was due to "personal financial troubles caused by investments in real estate," Secretary of War Weeks said here today.

"I exceedingly regret" Weeks said in a statement given out at Republican National headquarters here, "to learn that Senator Frank B. Brandegee has committed suicide."

"I have been entirely familiar with his personal financial affairs, and know that his reason for taking this rash step is due to personal financial troubles resulting from investments in real estate."

Mr. Pleasant, October 14.—Breakfast away from a herd of cattle being of Jewish Women of Charleroi, there will be held an open meeting at the Elks parlors on Wednesday evening 87, on his horns and tossed him into the air. ## Coach Stephanian is Ill: Team Is In Charge of Assistant Coach Glunt And Captain O'Brien--Play Monessen

The Charleroi High School football squad suffered heavily Saturday when Coach Stephanian contracted a heavy cold and at present is confined to his room on account of it. With their Coach on the sick list and Cyster and Feehan not in the best shape the outcome of Saturday's game with Monessen looms up doubtful. Assistant Coach Glunt and Captain O'Brien will have charge of the team until the Coach returns. It is hoped that he will be out before Saturday's game.

### KEPPEN TO MEET ZILL IN BOUT AT BEAVER FALLS

Not since Cuddy DeMarco fought Sig Keppen in Beaver Falls has there been so much joy exhibited over a match in boxing as is evident over the opening event of the season at Beaver Falls, scheduled for Monday evening, October 20, in the Lyceum Theatre in the city named Keppen will meet Tony Zill of Youngstown, O., and the announcement of the match has proven extremely popular, indicating that Promoter J. C. Hammer's initial venture will meet with success.

Keppen is now in New York state, where he has been campaigning for several months and will not return to Beaver Falls until a day or so before the bout. In the meantime he is training just as hard as if he were going through the preliminary exercise at home. It is said that he will be in good shape when he enters the ring next Monday night, as a boxer must be to survive Zill's boxing tactics.

### LAUGHAN GETS DRAW FIRPO, IF GIVEN CLEAN WITH HARRY GREB BILL, WILL MEET FRED AS JUDGES DISAGREE FULTON NOVEMBER 7

Clearly outboxed and outfought Tommy Laughan of Philadelphia in the 10-round windup at the Philadelphia arena last night, which opened the indoor season he was only given a draw for his work. The two judges disagreed, Harry McGrath favoring Greb and Jack Kelly favoring Laughan. Referee Frank McGee split the difference and ruled the bout a draw, which did not seem to suit the 10,000 fans present.

On regular slam-bang and rough-and-ready style Greb was the winner without any doubt. On a scientific side of boxing Laughan was entitled to a draw. Greb roughed Tommy at times which caused some of the mob to hiss and hoot, but as the Pittsburgher seemingly did not do anything which would warrant disqualification the referee rarely warned Greb for his butting and elbowing.

Greb forced the milling from the start. He was around the fast-footed and clever Tommy like the corner around his barrel, and while he hit Tommy at will at times, he could not land hard enough to knock the Philadelphia off his feet. Tommy, all considerable boxing at long range. Sometimes he landed a straight left to the jaw, but many of his blows were directed "downstairs," a sort of attack which Harry did not seem to wish. But Laughan never followed up his attack. He seemed afraid of Greb's right and when he did land he instantly closed in and grabbed Greb about the body or arms.

### "Pop" Warner Building Up Great Team on Coast

"Pop" Warner, the man who built the famous Carlisle Indian football teams and then gave the University of Pittsburgh winning teams for years, is making his grid debut as a Pacific coast coach this season. He is coaching Stanford University. Captain Lawson, right end, is one of the stars. Warner has two Pitt men aiding him in the coaching, "Tiny" Thornhill and Andrew Kerr. In the background, Captain Lawson, Paine, Shaw, left to right, Thornhill, Warner and Kerr.

## Normal Teams Are To Play Here On Friday at 3:30 P. M.

Pitt game with but two serious injuries but these were serious indeed. Captain Brown suffered a broken shoulder on the second play of the game, as the X-Ray shows, but he continued play for twenty minutes. Kennedy also is nursing a cracked shoulder and will be out of the game for several weeks. Coach Allison was much surprised to find the punch lacking in his backfield against Pitt, but the reason is very clear now. With Brown, the line plunger, and Kennedy, the speedy half, both injured, the offense of the Normal was much slowed down.

Pitt Freshmen this year have one of the strongest teams in years and the Normal did well to hold their heavier and faster opponents to twenty-five points. Pittsburgh players all give California credit for one of the strongest teams in prep school ranks.

Fairmont Normal meets California at the Charleroi ball park Friday of this week. The West Virginia boys have been stepping out this year, and will come to Charleroi with wins from Wesleyan Freshmen and Bethany Freshmen to their credit. Coach Allison is working hard this week to fill the fullback position and fans of the valley will be anxious to get the first glimpse of the team that defeated Kiski and West Liberty. The game Friday will start at 3:30 and a large crowd is expected to see the inter-state contest.

### No Hotel Episode in Town of Rock Island

One day when Henry Z. Zimmerman was playing in Chicago, the pass-gate boy sent a note out to him practicing before the game, that a man named Kelly, from Rock Island desired to crash the gate via Henne's password. "I don't know any Kelly from Rock Island," Henne sent back word. "I been in Rock Island a million times, but I don't know any Kelly."

"Sure he knows me," Kelly told the gate man. "Ask if he doesn't remember that hotel episode in Rock Island. He'll know."

"That proves he's a four-flusher," said Henne when he got this message. "I know the town well and there is no Hotel Episode in Rock Island."

### THE FATE OF LABOR HANGS IN BALANCE

London, October 14.—Conservatives and Liberals have united to defeat Labor in the forthcoming general election.

Although no official admission of such an anti-Socialist compact could be obtained from spokesmen for either of the older parties, the purpose was evident today.

In many constituencies, either the Conservative or the Liberal candidate has withdrawn—clearing the way for a straight fight against Labor instead of a triangular contest which might end by giving the seat to the government party.

The two older parties will do their utmost to prevent re-election of Prime Minister MacDonald in his home constituency. The Conservatives have withdrawn their candidate, leaving the opposition field open to the Liberal nominee whom they will support financially, although unofficially.

The Tories also withdrew their candidate at Paisley, leaving ex-Premier H. H. Asquith a straight fight against Labor.

At Carnarvon Lloyd George will be opposed only by the Labor candidate, Prof. A. E. Sinner.

In the West of Scotland, there has been general agreement similar to the above.

### Stance in Putting of Small Importance

The stance in putting, in so far as it pertains to the position of the feet, is of little importance so long as it encourages or enables the player to keep his head and body still in making the stroke. The putting stroke is very short at the most, and no body movement is necessary. On the other hand body movement is more than likely to alter the center of the swing and thus destroy the accuracy needed. In working out a suitable stance see that it permits keeping the body quite still throughout the stroke.

### "SPEED KING" IS WINNER IN THE LAST BIRD RACE

The Charleroi Homing club held its last race of the season from Xenia Ohio, airline distance of 200 miles. "Speed King" from the loft of Pete Bayens, was first bird home, followed closely by "Blue Steak," from the loft of P. J. McGuire. The winner of this race gets a sack of pigeon feed donated by R. C. Mountser, local feed man. Summaries, yards per minute: Bayens, 1160.43; McGuire, 1160.30; Paragona, 1150.97; Vegso, 938.76.

would be beyond the building line restriction of the Cecil Improvement company's plant adjoining Carversburg. The court finds "that with nothing before it in the form of an express and exploit covenant, or provision, defining the nature of the intended building restriction, and specifically or distinctly prohibiting the doing at the present time, 21 years after the plan of lots was laid out, of the very things which defendants are starting to do, the plaintiff's right to an injunction is not clear. As a preliminary injunction is emphatically the strong arm of the law, it should not be granted where the complaint's right is not clear, and free from doubt."

In conclusion the court says: "Of course, if the defendants proceed with their building operation pending this bill, they will do so at their own risk, as the plaintiff may hereafter present evidence establishing his right to an injunction."

In the case of Mary L. Carlisle against Frank Kucera et ux, Judge Brownson refuses to grant plaintiff's petition to lift the stay of execution. Leave is granted defendants to take testimony to show how much of an abatement of purchase price of real estate in question should be made on account of alleged defect in the title to oil royalty interests.

### BIG DIRIGIBLE IS NEAR THIS COUNTRY

(Continued from First Page)

morning the ZR-3's wireless kept up a steady stream of reports—sometimes spluttering vainly for connections with land stations, sometimes slipping out a series of V's, the wireless letter. Always the messages were signed with the letters NERM, the Zeppelin's radio signature. And always the cheery report:

"All well."

The storm in the airship's path may speed her progress to Lakehurst rather than diminish it, according to navy men.

The Radio Corporation of America's huge wireless station at Chatham, Mass., was one in frequent touch with the ZR-3. Lakehurst was receiving many of its reports from the dirigible by way of this station.

When the local tornado was reported in the Zeppelin's path, navy men at the New Jersey air station suggested that by turning towards Charleston, S. C., the storm might be avoided.

## Sport Notes

There are three golf courses on the Belgian coast.

University of California football team is undefeated for four years.

Sunday bicycle races in London are limited to eight hours a day.

All aspirants for the New York police force must know how to swim.

Syracuse will play University of Southern California in Los Angeles December 6.

Transvaal, winner of the Great Prix de Paris this year, paid the record price of 120 to 1.

Georges Carpentier held every title in France. At fourteen he was that country's bantamweight champion.

Charles Williams of Queen's club, London, the champion court racket player of England, will reside in Chicago.

Rogers Hornsby, the St. Louis Cardinal's star, has been proclaimed the greatest batsman in the National League.

The American Soccer league is to have a circuit of 12 clubs this season, the largest since its organization four years ago.

Clark Pittinger, Salt Lake Pacific Coast league baseball club shortstop, has been sold to the Chicago National league club.

Anderson, former Syracuse university star, has been signed to coach and play quarterback for the Elgin Athletics this fall.

Switzerland won the rowing championship of Europe in the annual regatta held recently in a new basin especially constructed for rowing in Zurich. Holland surprised by finishing second.

Yale university never had a more successful year in athletics than this one, in the opinion of John T. Bosson, graduate director of athletics as expressed in his annual report sent to President Anzel. Success showed 247 victories and 151 defeats. The percentage of victories was the highest in Yale's history.

## COURT AND CONGRESS.

Senator LaFollette complains that of the three co-ordinate branches of the Federal government, the legislative, the executive and the judicial, the last named is the "real ruler" of the country, and an absolute ruler at that. "If the Court is the final and conclusive authority to determine what laws Congress may pass," he says, "then obviously this Court is the real ruler of the country, exactly the same as the most absolute king would be." Such is his statement of the fact that the Supreme Court is the final authority in case of dispute as to whether an act of Congress is constitutional or in accordance with

the fundamental law under which the rights of the States and of individuals are guaranteed against Federal aggression. Senator LaFollette would make Congress the final judge as to the constitutionality of its own acts, with the Supreme Court serving only in an advisory capacity.

Obviously this would deprive the great Court of any real authority and result in its virtual abolition except for the trial of ordinary cases passed up from lower courts. It would take away from Justices learned in the law and give to Congressmen elected for brief terms the power to decide grave constitutional questions. Such a change would of course make for confusion, disturbance and insecurity. It should be plain to even the unreflecting that the rights guaranteed by the Constitution are safer in the hands of trained life-term jurists than in the hands of brief-term Congressmen who are apt to be swayed by the popular passion of the moment, whose minds are so largely influenced by the desire for re-election, and who may be said virtually to rise up in the morning and lie down at night with "politics" as a constant companion and bedfellow.

caught helping themselves around these premises."

A man slipped on a banana peel and executed a very funny fall, not being hurt, as it turned out, but having his dignity somewhat ruffled. When he recovered a moment later, a friend was holding his hat and a number of people had formed a circle. "What do these idlers want?" he snarled.

"They're not idlers," explained his friend soothingly. "Here's a doctor who wants to look you over, a lawyer ready to bring suit for you, and a producer of comic films would like to sign you up."

One thing the Bible fails to tell us is whether Delilah had had her own hair bobbed, but she certainly acted like it.

## Drawback to Affection

### Inspired by a Horse

I am not, as I say, sentimental about horses; I have never yet seen a man a horse liked as well as a nice bundle of hay, writes Guy Struthers Hunt in the Saturday Evening Post. But on the other hand, if you have ridden one horse a lot and know all his little ways, and he knows all yours, and if you have ridden many lonely and sometimes dark miles with him, after a while you begin to cherish an affection for him against your better sense.

There's a sweet, warm, companionable feeling to the rippling muscles of his neck when you put your bare hand against them on a pitch-black deserted trail, almost, although not quite so much company as you get out of a dog in camp. And as for Joe, if you miss the trail in the dark and try to turn off it he will do his best to buck with you.

There's one thing about living with such short-lived things as horses and dogs that isn't pleasant. You understand what age is too soon. Here is Joe getting old—and he's sixteen. You get too much an impression of the flight of time. A wise man should keep an elephant and always feel young.

## Words We Have Clipped

A few years ago a music-hall comedian made a great hit by clipping familiar words, and we still hear him imitated in colloquial conversation. London Tit-Bits says. People say "im possible" for impossible. "biz" for business and "push" for passion.

But such clipped words are not destined to appear in any dictionary, and we must go back much farther in the history of words to find that when we say: "He led the van," we mean the "vanguard"; when we speak of a pair of van horses, we mean "cervant"; when we retire to the "drawing room," we ought to say the with-drawing room; when we talk of a "hobby" we refer to riding a "hobby-horse"; when we talk of sport we mean "disport"; of "tending" we mean "attending," or a "cute" lawyer we mean acute, and of a "still" we mean a distillery.

## Generally the Latter

"De man dat's always in a hurry," said Uncle Eben. "may be workin' hard, an' den again he may be tryin' to disguise de fact dat he ain' workin' at all."

## First Requirement

It is of the utmost importance that a nation should have a correct standard by which to weigh the character of its rulers.—Lord John Russell.

## Unpenetrated Mystery

There is only one thing we still find a complete and total mystery, and that is the home life of a floorwalker.—

## A Valuable Fish

Overfishing has so reduced the common sturgeon that one taken alive sometimes sells for several hundred dollars.

## Intelligence Astounding

"Clever dog? I should say so. If I say to him, 'Are you coming here or aren't you?' he comes—or he doesn't."

## Right and Left Hands

It is a fact that the fingers of the right hand move much more quickly than those of the left. They are also much more accurate, says London Tit-Bits.

Recent experiments have also proved that the ring finger of the left hand can work more quickly if it is moving in conjunction with the right-hand forefinger. Any two fingers working together, indeed, move considerably faster than one finger working by itself.

The more a person uses his or her fingers, the more adept they become. A pianist or typist will find that, in time, the left hand becomes almost as skillful as the right.

## Use of Canvas Modern

It was not until 1850 that artists began to use canvas. The masters previous to that time worked in ceramics or painted on wood and walls, then on canvas, according to a frame.

Many of the great painters ground the pigments and mixed their own colors, says the Detroit News.

American supplies of art and industrial paint are dependent on a large variety of foreign raw materials. We import Windsor and Newton and still in the opinion of artists do not make colors that give the appearance of age.

## Nature Above Art

"Angela" writes: "Your suggestion of a \$100,000 pipe organ to enhance the charms of nature's scenes appeals to me; but please do not forget that in the woods the notes of birds, the sad refrain of the wood dove and the wild, melodious cry of the blue jay—for he can be melodious—mingled with the murmur of a brook and the sighing of the wind, is an accompaniment that art cannot equal."—St. Louis Globe-Democrat.

## Despisers of Mankind

The despisers of mankind—apart from the mere fools and nincompoes of that class—are of two sorts. They who believe their merit neglected and unappreciated make up one class; they who receive adulation and flattery, knowing their own worthlessness, compose the other. Be sure that the coldest-hearted misanthropes are ever of this last order.—Charles Dickens.

## Elephant Fierce Fighter

The list of hunters who have conquered lions at desperately close quarters, who have been actually mauled by them and have yet survived, is long. Far fewer in the annals of African exploration and hunting are those who have come into direct personal contact with an angry elephant in his native wilds and have lived to tell the tale.

## Today and Yesterday

FEW youngsters to-day ever saw a horse-hair sofa. They wouldn't know what to do with a fire taper, carpet stretcher, or coal oil lamp. They couldn't braid rags into a rug, or wind yarn without tangling. But they know the how and why of typewriters, phonographs, radios, telephones, automobiles; what happens when a push of the button gives light, or a kodak's flash fixes their image on paper.

Their education is as modern as the advertisements they see. They have no more use for the lamp and chimney of yesterday than you for the wick and tallow of the day before.

Advertisements induce such progress. They urge wide use that means improvement. They help you lift the out-of-date into the attic—rid you of the water buckets and soap kettles of slavery. They bring late improvements within your reach.

Read the advertisements regularly. Keep alert to the new.

Without advertising, you would never know a product's worth until you had bought it

## ROCKEFELLER GIFT FOR CONSERVATION

### France Will Use Money to Protect Monuments.

Paris.—Extensive conservation and some important restoration of Reims cathedral, Versailles and Fontainebleau will be undertaken soon with funds provided for this purpose by the \$1,000,000 Rockefeller gift to France.

M. Rene Gadane, a director of the Beaux-Arts, has announced the plans drawn up by the special committee composed of Ambassadeur Jusserand, M. Hanotaux, Herman J. Harjes and Wells Bosworth, Rockefeller's architect.

The committee will respect the wishes of Mr. Rockefeller to devote the funds of conservation rather than restoration in the hope that restoration may be possible later, but in many cases the extensive repairs planned will be in the nature of restoration. Under the program a great and timely work will be done to perpetuate the glories of these places.

The roof of the Reims cathedral will be replaced exactly as it was before the war, a work that cannot fail to excite universal approval. The roof will cost approximately 5,000,000 francs and completion will require about five years. The Beaux-Arts administration is particularly pleased at this prospect, because, until Mr. Rockefeller made his gift, the plans were for a temporary flat roof.

The maintenance of the chateau at Versailles is now assured, and work on its conservation will be started immediately. The Louis XIII wing will be restored, the marble court repaved, the facades on the park side restored and also the rooms on the ground floor. This work will cost 7,000,000 or 8,000,000 francs and a yearly sum of 1,500,000 francs will be devoted to maintenance.

The gardens of Versailles and the Trianon will be extensively improved, trees will be carefully pruned and trellises rebuilt.

### Germany's Angora Envoy Has House Sent to Him

Berlin.—Angora may be turned into a modern bungalow colony if other governments follow the example of Germany.

A portable bungalow of 12 rooms is at present under construction in Germany and will be shipped to Turkey and erected at the new nationalist capital for the use of the German embassy, which is today temporarily housed in the German embassy building at Constantinople.

Many delegations which visit Angora live temporarily in cars. The hotel accommodations are so limited and primitive that tourists find it almost impossible to remain any length of time in the Turkish capital.

Angora is 200 miles from Constantinople, and the railroad service is slow and unsatisfactory. To have a representative on the spot will be of advantage to Germany, it is argued, and other countries may be compelled to do as Berlin has done.

### Alaska to Ship Frozen Reindeer Meat to Seattle

Seward, Alaska.—The reindeer industry in Alaska has been commercially organized, the Interior department announces.

Arrangements have been made to ship reindeer carcasses to Seattle in large numbers. The animals are to be slaughtered at Kokrine, on the Yukon river, and dressed and frozen. The product is to move on barges to Nenana on the Alaska railroad, and go in refrigerator cars to steamships at Seward. The department said this would be the first attempt to place reindeer on the market in large quantities.

### Another Prehistoric Skeleton Found in Utah

Salt Lake City, Utah.—The remains of another dinosaur, pronounced the second largest yet found, have been unearthed in the Jensen (Utah) fossil field by Prof. Earl Douglas of the Carnegie institute. The skeleton is estimated to weigh between five and six tons and the leg bones of the prehistoric animal are twelve to thirteen feet in length.

### New "Science" Says Teeth Show Character

Berlin.—A new "science" is developing in Europe whose devotees claim they are able to tell a person's character from the teeth—their number, size, position, form, condition and peculiarities.

The principal rules for such a character analysis are:

The man who opens his lips slightly when he smiles so his upper teeth are visible is an open, agreeable person. The man, however, who draws his lips tightly together and seemingly seeks to hide his teeth is untrustworthy.

Whoever shows his teeth constantly and without cause is stupid.

Whoever has too many teeth is weak of will and easily led. A woman with too many teeth is talkative and a bore.

People with a fourth big molar are dangerous or criminal.

## RECORDS SHOW THAT COOLIDGE IS MAN FOR PRESIDENT

Washington, D. C., Oct. 14.—The voters of the country who have been looking up the records of the different candidates have, no doubt, made up their minds for whom they are going to vote.

They have found that Calvin Coolidge has an honest clean record—not that he has been the cause of great tax reductions and advocates further reductions—that he has stopped the waste of the people's money—that he has brought marked economy into effect in the affairs of the government—that he has earnestly worked for interest of the whole nation. Even the warmest supporters of La Follette cannot deny these facts nor can they point to any helpful laws that bear La Follette's name during the many years that he has been in Congress, his course has been that of a fault finder; whatever anyone else did was wrong—he never appeared to seek to help build up—he is like an actor who never can give any credit to another performer, no matter if the latter is

a star and deserves commendation. Even William Jennings Bryan said nice things about political opponents if they did something that he considered of a constructive nature.

Every neighborhood of any size has an individual who finds fault with what the rest of the men and women neighbors are doing if he cannot be chairman of every committee and the principal speaker on all occasions.

Fortunately for the good of our country the voters think before they cast their ballots and the best friend that Europe, with her low standards of living, ever had to espouse her cause at the expense of our people is not going to fool the people this year.

# An old tobacco secret re-discovered—

1870—

1924—  
a popular seller  
in 32 states—a  
quarter-million smokers

A new richness  
from an old-time process

Made for pipes—cut for pipes  
—packed sensibly to save money

NOW it can be told. Three years ago we decided to revive a famous old secret method of mellowing tobacco—"Wellman's Method", it was called.

For three years we have been quietly trying it out—we, and about a quarter-million shrewd pipe-smokers who discovered it for themselves.

No whirlwind campaigns, no "special offers", no extravagant claims; Granger Rough Cut has made good on its taste alone. There could be no better proof of its quality.

Now we are ready to "tell the world".

An extraordinary pipe tobacco. "Wellman's Method"—now ours exclusively—not only mellows tobacco, but "rounds it out"—gives it a new taste, richer and milder.

There's no other method like it, nor any other tobacco like Granger.

And not only differently mellowed, but cut differently—cut for pipes. The Rough Cut burns more slowly, hence smokes cooler—and a pipe-load lasts nearly twice as long.

And finally—notice the package. If Granger Rough Cut were packed in fancy lithographed tins, it would cost 15 cents.

But wrapped in smart heavy foil, you get this fuller, longer, cooler smoke at a third less cost. Foil instead of costly tin—hence the price.

Too good to be true? Ask any man who has tried it. Better yet—get out your pipe!

# Granger Rough Cut

### A Pointer on Tobacco—

The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to "cut" smoke slow and cool—cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.

### "FEET OF CLAY"

#### A DECIDED HIT AT COYLE THEATRE

In his latest aramont screen offering Cecil B. DeMille of thealluring flavored cinema concoctions has reached in all directions to make "Feet of Clay," which opened at the Coyle theatre yesterday, strictly 1924. The heroine, played by the new type to whom the public interest has turned, the flapper, grown from parties and petting at seventeen to marriage and responsibility.

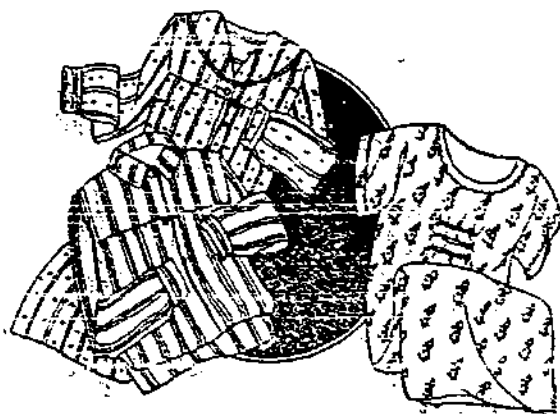

Of course, there is a wonderful DeMille party, a dance floor laid over a pool with interesting connecting bridges. All of this is preceded by a colorful batch sequence, utilizing a myriad striking novelties, and featuring an exciting race between twenty girls on surf boards behind fast speedboats.

Mix in a struggling couple in a Harlem flat, a mid-ocean flight between a swimmer and a shark, and it may readily be seen that DeMille is back again in all his old form. Timeliness and novelty, according to a careful census of the greatest film successes of the past ten years, seem to be the two most infallible ingredients of a photoplay that will please the theatre-going public. "Feet of Clay" is timely and has novelty to spare. Draw your own conclusions!

## "The Marriage Cheat"

Directed by John Griffith Wray under personal supervision of Thos. H. Ince, from Frank R. Adams' story. A First National Picture.

### Safety for Principal

is the first consideration of the wise investor. He desires maximum income, of course, but he chooses security first.

The First National Bank is guided by these considerations when it purchases investments, and so are those who buy securities through it. Our officers will be glad to advise with you in matters of this kind.

Mr. and Mrs. Louis Phillips of Prospect avenue, are the parents of a son, born Sunday morning. Mrs. Phillips will be remembered as Miss Millie Newton.

Miss Stella Foy of Monongahela, has resumed her duties at the Thomas P. Tweed store, having been confined to her home for the past two weeks on account of illness.

Mr. and Mrs. Jack Walters of Pittsburgh returned home yesterday after spending the week end as the guests of Mr. and Mrs. S. B. Orrdorf of Lookout avenue.

Mr. and Mrs. L. Protzman of McKean avenue motored to Morgantown Saturday afternoon and visited among relatives there, returning to Charleston Sunday evening.

Mr. and Mrs. Harve Hope, daughter Corrine and Miss Edna Wallace of Clarksville, were in Charleston Saturday evening shopping in the local stores and calling on friends.

Mr. and Mrs. Ernie Bell and daughter Betty of Fairmont, W. Va., visited with the latter's sister and brother-in-law, Mr. and Mrs. Walter Campbell of Fallowfield avenue recently.

Mr. and Mrs. N. Williams of Center avenue, North Charleston, are the proud parents of a 10-pound son born this morning. Mrs. Williams will be remembered as Miss Bertha Lambermont.

Mrs. W. Perlinger of Roscoe, who underwent an operation at the Charleston-Monessen hospital last Friday, is doing very nicely. Her daughters, Misses Bessie and Nellie Perlinger, visited with their mother Sunday.

Miss Hazel Waltz and Oben Larose, both of Allenport, Miss Anna Kubis of Charleston, and Alvie Paul of Monessen, Miss Rose Katz of California and Leroy Saul of Charleston, were issued a marriage license in Washington yesterday.

Mrs. Brent Hockman, a former resident of this place, now of Buffalo, New York, is a patient in the Buffalo General hospital, having undergone an operation for the removal of the appendix Saturday and is getting along very nicely.

Miss Helen Cavanaugh and Miss Margaret Laughlin, nurses in the Mercy hospital, Pittsburgh, and Mrs. Margaret Gallagher and daughter Hannah of McKeesport, spent Sunday at the home of Mr. and Mrs. P. J. Cavanaugh of McKean avenue.

Mr. and Mrs. James O'Brien and family of North Charleston entertained at their home Sunday William Hayes of Baltimore, Sister Bernadette of Homestead, Mrs. Mary Scott, Misses Margaret and Gertrude Wright and Mrs. John Barrett, all of Pittsburgh.

Mrs. Frank Creighton and son Harry of Elm Grove, W. Va., are visiting with Mrs. Creighton's mother, Mrs. Jennie Davis of Washington avenue. Mr. and Mrs. Harvey Davis, of this city, were also present.

### Style Notes On Fall Coats

#### Suede-like

The smartest coat fabrics have a suede-like texture, almost leather like, but beautifully soft. Their luster is not brilliant, but very rich.

#### Ruddy Browns

The reddish, bronze tones characterize many of the handsomest coats, while other fashionable ones are shutter green.

#### The Vest Effect

The vest-coat, a garment suggesting coat and frock, is a whim Fashion shyly introduces.

#### Tunics, Too

Many new wraps bear suggestions of the tunic, with slim bands of fur encircling them below the neckline.

## SMART COATS

With a Myriad  
New Notes

Crisp weather is here in earnest. It is time to be considering what your Wrap shall be for the season of crisp weather. Here are ton-coats, cloth Coats and fur-trimmed Wraps wealthy in charm. They have attractions beyond their fine lines, colors and trimmings for they present splendid values at these prices. For a lovely, satisfying Coat that will give good service choose from these assortments which are so varied and unusual. And choose immediately while the choice of superior styles is large.

Suede-finished Woolens  
Plaid Woolens Ribbed Silks  
Kasha

#### Fur-Trimmed Wraps Brightly Colored

Come to envision autumn days and color. Suede, such as the fur-trimmed Wraps, in such shades as copper burgundy, mahogany and evergreen. A sleeve that is puffed from elbow to wrist, a godet of fur in the skirt, a banding of fur at the closing—these are new notes that will win you to them. Excellent values you will see. Choose your winter Wrap now.

\$39.50 to \$175.00

#### Cloth Coats in New Silhouette

There is a new silhouette in the Cloth Coat group. It makes up for any lack of trimming. A wrap upper section and very slim skirt make fall's favorite Cloth Coat resemble the wraps of past popularity. You will find this Coat becoming; and delightful in colors, reminding you of amber emerald and their variations.

\$25.00 to \$29.50

#### New Topcoats With a Youthful Swing

The Topcoat of this season is so much more than a Topcoat, so nearly akin to the smart dress wrap that every woman will be anxious to enlist one in her fall and winter wardrobe. Straightline Coats with long revers and devoid of fastenings are singularly becoming to young girls who will draw them up nonchalantly about them. Straightline Coats merely plaided suggest outdoor playtimes, and slim Coats in warm shades are often made more entrancing with trimmings of spotted fur. Very unusual values.

**COOLIDGE CONGRATULATES ROOSEVELT**  
Seldom indeed does "Silent Cal" smile broadly, but the camera caught him with a congratulatory smile for Col. Theodore Roosevelt, Jr., just after the Assistant Secretary of the Navy had formally notified the President of his nomination as Republican candidate for Governor of New York.

## In Society's Realm

The ladies of the First Presbyterian church will be entertained at the home of Mrs. J. K. Brumbaugh, 305 Fallowfield avenue this evening from 7:30 to 10 o'clock.

The Women's Missionary society of the First Christian church will hold their regular monthly meeting at the church this evening at 7:30 o'clock. A good attendance is desired as business of importance will be transacted.

Miss Edna Carson of Clarkstown, Va., formerly employed by the Charlevoi Upholstery company and who has been in Pittsburgh for several months, will be in the city this evening.

Members of the Crozier club will meet this evening at 7:30 o'clock for the purpose of making plans for the future. Arrangements will be made this evening for a Halloween social to be held this month and a good attendance is urged.

The members of the Ladies Aid Society of the Christ Lutheran church met last evening in the Sunday school room of the church with a very good attendance. After a short business meeting, the time was spent in social converse at the conclusion of which a dainty luncheon was served by the hostesses, Mrs. Fred Piener, Mrs. Johnson and Mrs. Arntzberger.

The regular monthly meeting of the Zephania Bible class of the Methodist Episcopal church, was held in the Sunday school rooms Friday evening. Business matters of importance were taken up. Mrs. Clarence R. Welch was elected as teacher of the class to fill the vacancy caused by the resignation of Mrs. Tenenbarger. Mrs. J. W. Fernan was elected as assistant. Plans for a bazaar to be held November 21 and 22 were discussed.

Miss Bertha Ellis of River avenue, Snags, entertained at her home Friday evening with a surprise party to celebrate her mother's birthday. Approximately 50, gathered at the Ellis home and spent a happy evening in games and music. Out-of-town guests were present from North Charlevoi, Belle Vernon and Charlevoi. At a late hour, a delicious luncheon was served by the hostess assisted by the Misses Nellie and Florence Morris, Miss Nannie Hey, Misses Mary and Dorothy Suteland. The guests presented Mrs. E. Ellis with a beautiful bag as a token of esteem in which she is held.

At the home of Miss Priscilla Murry of Shady avenue last Friday evening, approximately thirty members of the Queen Esther Circle met for the regular monthly session. The business of the meeting was Miss Vida Coehring and Miss Irma Bowser, to the discussion being the first chapter of the new text book, "Advantage in Brotherhood." Special music was rendered by Miss Edna Keys. Following the lesson the business of the circle was taken up by the president, Miss Muriel Baker, after which a dainty luncheon was served by the hostesses, Mrs. Hazel McKim, Mrs. Bevan, Mrs. Ruth Reeves and Mrs. Walter Reeves.

#### Isn't It a Fact.

After a worthless old horse dies the owner begins to tell of the hundreds of dollars he refused to look.

#### And the Hardest to Master.

"An important branch of education," said Uncle Eben, "consists in learning how to forget what isn't no use."

#### Must Be a Cause.

Nothing can be done without a cause, nor is anything been done which cannot be done again.

#### Polo in 600 A. D.

The Chinese polo game was played about the year 600 A. D. with a light wooden ball.

#### "NOW IS THE TIME."

We refine and repair furs, and now is the time to have that fur coat put in shape. Dave Rosenberg, 415 Fallowfield Avenue. Bell Phone 244. 611f

### Queer Villages

Tucked away in odd corners of Great Britain are some villages with peculiar names. In Kent we find Painter's Forest, Dripping Gore, and Old Wives Lees. The last place derived its strange name from the fact that old women of the district used to run an annual race there for prizes offered by the local lord of the manor. Dripping Gore was so called because the Danes and Saxons are believed to have fought a battle at this spot.

### Her Own Hair

George's wife found a blonde hair on the lapel of his coat. In a fit of jealousy she demanded explanations. "You see, my dear, that is last year's coat," said George, "and if you remember correctly your hair was blonde then instead of brown. I didn't change the color of your hair, did I?" Wiley was so taken back she forgot George had worn that same coat four times since her curls resumed their natural shade.—Better Times.

GIRL, BLIND, DEAF AND MUTE, WINS FAME AS PIANIST

Helen May Martin of Geneva, Ill., in all the thirty years of her life has never heard a sound or seen a single object, yet she is touring Kansas giving piano recitals in schools and before civic organizations. Born deaf, blind and mute, Helen learned music by memorizing the notes of the pieces she plays.

Truman, Minn.—"I was badly run-down, had pains in my side and back sometimes I could hardly move around in bed. My husband got me Lydia E. Pinkham's Vegetable Compound, and after taking it I was so much better I could do all my housework, have a garden, raise chickens, and in harvest time I worked in the field and helped pick corn. Sometimes I do chores and milk. I took the Vegetable Compound before and after my four-months-old baby was born, and it has always helped me wonderfully. I believe there is no better medicine made for women, and I hope every woman will give it a fair trial."—Mrs. AUGUST R. WIENER, R. No. 2, Box 84, Truman, Minn.

### College for the Deaf

Gallaudet college in Washington is said to be the only institution of high education in the world which is devoted exclusively to the deaf.
